

after 43 days we have ended hanns-martin schleyers petty and corrupt existence. herr schmidt, who in his calculation of power has speculated with schleyer's death from the beginning, can pick him up in the rue charles peguy in muhlhouse in a green audi 100 with bad homburg license plate.

for our pain and anger over the massacres of mogadiscio and stammheim, his death is without meaning. andreas, gudrun, jan, irmgard and we are not surprised with regard to the imperialist's fascist direction for the destruction of liberation movements. with regard to schmidt and the alliance involved, we will never forget these bloodbaths.

the struggle has only begun.

freedom through armed antiimperialist struggle.
